

*"It is nice to look at Villages of the friends"
Article #5
25 december, 2023 by Peppe Apuleo*

In this article I will tell you about a Christmas village with the dimensions of 300cmx160cmx280cmh developed on 3 general plans plus 5 intermediate ones. The town was built by a friend of mine named Cianconi Fabio. As you can see from the overall photo below, the Christmas elements immediately emerge, snow, snow-covered plants, characters and a beautiful backdrop that frames the village above all.

I have followed my friend Fabio's project and creation of the 2023 Christmas Village from the beginning. Below are some photos of the construction of the structure and the details. It took approximately 240 hours of work to build from start to finish.

Below I attach a link to a video that you will find on YouTube which shows the step

wood, polystyrene,
cork, cardboard,
glue, silicone etc

some very suggestive shots, the representation of a jovial coexistence between people (photo 1) which alternates with the daily life of the village with the tracks that cross the tunnel close to a very beautiful staircase that leads to the surrounding houses. (photo 2) Colors, lights, shadows and shades give great life to the 2 scenes.

Of great scenic impact but above all harmonious and fairytale-like is the polar express with its majestic locomotive and illuminated carriages, the passage of the polar express with its sounds and voices is something magical in a Christmas village. Note the arches that characterize a city village with illuminated shops and the characters that give life to this wonderful scene created by our friend Fabio.

an area of the village where there are many characters who combined with the various settings give life to a realistic scene of a real village.

A very nice area of the village full of colors and characters with lemax buildings.

*A very beautiful, harmonious village, full of colours, lights and shadows with many characters placed correctly near the buildings which create a magical atmosphere with a fairytale flavour. Fabio I wanted to publish many other beautiful photos that I have of your village but these are enough to congratulate you on a truly excellent job, my heartfelt congratulations go to you and your family.
